Employed by

City of Farmington

For which board or commission are you re-applying?

Construction Board of Appeals

Why would you like to serve?

Have been a Mamber for nearly 30 years

What are you proud of accomplishing during your term?

90+ % attendance record - full understanding of the variance request - Making the Majority of Motions

If reappointed, what do you hope to accomplish in your next term?

100% attendance and continue to help the city of Novi achive the safest path to gain compliance in the built enviroment

What do you want Council to know about your board or commission, and how can they assist your board or commission with its goals?

On One ocasion a member was appointed that did not have the depth and background in construction and the code's process to be a valuble asset. the council can perhaps help by asking the building Official to vet the applicants for this board to assure they have the necessary experience and knoledge of the Michigan group of building codes.

Is there anything else you would like for Council to know about you and/or your work on the board or commission?

Very Happy to live in Novi, In my long construction career (50+) and municipal career (35+) I have served on several State, Local and Inspector organization boards. But I have served the City of Novi the longest.

Term

True
