

MEADOWBROOK GLENS SIDEWALK REPAIR PROGRAM UPDATE

January 13, 2023

Mayor and Council,

Please see a letter that was recently sent to residents of Meadowbrook Glens providing an update to the sidewalk program we've been working on for a couple of years.

In 2022, we communicated with you about the Sidewalk Repair Program in your neighborhood. Unfortunately, due to staffing and other project delays, in August we shared the project was rescheduled to this spring.

You are receiving this letter as one or more of your street trees have been identified as absolutely necessary for removal prior to sidewalk replacement. The contractor will begin removing trees later this month or in early February. Trees identified for removal will be marked with an "X."

Sidewalk replacement will begin in the spring as soon as weather allows.

Residents who have called and wanted trees removed not identified as part of the program remain on the list and those trees will be removed following sidewalk completion, under a separate contract.

Once all the sidewalk is repaired, the City will re-evaluate the neighborhood for street tree replacements with deeper root system trees which are better suited for this type of location. Restoration is anticipated later this year.

We look forward to bringing this program to Meadowbrook Glens and working with you to enhance your neighborhood. If you have any questions, please contact Community Relations at communityrelations@cityofnovi.org or 248.735.5628.

Sincerely,
