For which board or commission are you re-applying? Corridor Improvement Authority

Why would you like to continue to serve?

The Grand River Corridor is a critical part of the future growth and development of Novi. It will, over time, become the center or Hub of Novi. As a business owner and being someone that stays involved with the City, I would like to continue to offer my time and efforts to further develop plans and programs for this corridor.

What are you proud of accomplishing during your term?

As a member of the committee since inception, I have been fortunate to be a part of making solid in-roads towards improvements in the Grand River Corridor. One example of the committees accomplishment is the approval to provide a funding offset to allow the City to assist in the mitigation of a site on Grand River that had various levels of contamination preventing developer from being able to afford new development. As a result, this site is now being developed into a large multi-use facility . The Sakura Novi development, a mixed-use Asian-themed center planned between Grand River Avenue and 11 Mile and east of the Novi Town Center shopping plaza, has already began construction and is due to open later next year.

BOARDS AND COMMISSIONS APPLICATION FOR REAPPOINTMENT

If reappointed, what do you hope to accomplish in your next term?

There is considerable work remaining for the continued expansion and development of the Grand River Corridor. The City is currently working on new Zoning (City West) for a portion of the corridor. Approval of the new zoning will be an important step to allow more rapid development of the Corridor. The CIA will need to take the next steps in planning to complement the new Zoning. Additionally, the City is able to request additional funding through Oakland County, which could allow other significant improvements in the Corridor and further the work of the Committee.

What do you want Council to know about your board or commission, and how can they assist your board or commission with its goals?

The CIA has had excellent guidance from City Management and Council members during the last many years. As further goals and plans are developed by the Committee, collaboration and support from the Council becomes quite important.

Is there anything else you would like for Council to know about you and/or your work on the board or commission?

I am eager to continue my service to the City and participate on every level possible.
