Are you a registered voter in the City of Novi?*

Yes

How long have you lived continuously in the City of Novi?*

8 years

Employed by

Self-Employed

Educational Background*

Masters in City and Regional Planning Bachelors in Architecture

Please describe your professional qualifications, skills and/or work experience, and how you would use these to benefit the boards and/or commissions for which you are applying.*

With 14 years of experience in both the private and public sectors, I am proficient in traffic, environmental, landscape, architectural, and economic development planning. I hold a master's degree in City and Regional Planning and a bachelor's degree in Architecture. I am particularly interested in serving on boards responsible for zoning and land use development in Novi, where my expertise lies.

Please list any community groups with which you are currently or have previously been active and describe your role.*

While I was at Novi, I served as a staff liaison for the Walkable Novi Committee and the Master Plan Zoning Committee. Additionally, I worked as a staff liaison for the Planning Commission, Zoning Board of Appeals (ZBA), and Board of Trustees for over six communities.

What motivated you to apply to serve on a board or commission, and why did you select the boards/commissions that you did?*

I worked as a planner for the City of Novi for over 5 years, from 2014 to 2020. I left the position to gain experience in long-range planning and to learn how other townships and

communities operate. Since then, I have had the opportunity to work for various townships and rural communities as their consulting planner. I now seek to apply my experience both within and outside Novi to contribute to Novi's development.

If appointed, what do you hope to accomplish during your term? What do you hope to learn?*

I hope to contribute to Novi's development to the best of my ability and learn about how Novi is growing.

What do you think the City is doing well or could be doing differently when you think about the areas of responsibility for the boards and/or commissions for which you are applying?

I have immense respect for the residents serving on the boards and commissions. Making decisions that have long-term consequences is not an easy choice, especially when it is not your area of expertise. It is a learning process where we learn from each others experiences and skill set. The staff support at Novi is outstanding. I hope to contribute to planning support from the other side of the table.

Is there anything else you would for Council to be aware of, or know about you?
