Are you a registered voter in the City of Novi?*

Yes

How long have you lived continuously in the City of Novi?*

approximately 30 years

Employed by

Paragon Leadership International - CEO (and owner)

Educational Background*

Bachelor in Business, Michigan State University; Masters in Organization Development, Eastern Michigan University, Post Graduate Organization Development, Columbia University

Please describe your professional qualifications, skills and/or work experience, and how you would use these to benefit the boards and/or commissions for which you are applying.*

I have supported the leadership of leaders at all levels, including C-Suite and Board members. I have served on numerous committees and not-for-profit boards, taught at the university level, and have a blend of business, education, and community service background.

Please list any community groups with which you are currently or have previously been active and describe your role.*

The Haven, Make-a-Wish, Special Olympics, Crossroads for Youth, etc.

What motivated you to apply to serve on a board or commission, and why did you select the boards/commissions that you did?*

I have had an affiliation with the library since the remodeling as a user of the library services (adult and children's), a donator, a supporter of fundraising efforts, and a user of Boardrooms and other services for business use. As such, I have gotten to know the Library Director and highly regard her and her leadership style.

If appointed, what do you hope to accomplish during your term? What do you hope to

learn?*

Being a new voice and inviting new ideas through the collaboration of all stakeholders will hopefully invite efficiencies and greater outputs for the library and the library services. Learn from others on the Board.

What do you think the City is doing well or could be doing differently when you think about the areas of responsibility for the boards and/or commissions for which you are applying?

One area that comes to mind is the process of using study rooms and/or meeting rooms. Currently, when the library opens, people line up at the door and run to the rooms like a herd of cattle.

Is there anything else you would for Council to be aware of, or know about you?

I come to the plate as a neutral party with no political affiliation and invite perspectives from all. Having spent my career as a leader and supporting other leaders, I look forward to working with the other Board Members in support of all key stakeholders.
