Hot Topics:

- **EV Charging Station Update**

The EV Chargers located at the Novi Public Library will be getting another refresh this week! Due to the recent closure/sale of [Enel X](#), the software for the chargers installed this past January are unfortunately no longer usable. The State Electric Company, who maintains our chargers, has luckily come up with a solution to keep everything powered up for the future and will be swapping out both stations for brand-new chargers this week. They anticipate that the new chargers will be installed and ready to go by the time Council receives this report. Updated directions for use will be on the new screens to assist users.

- **Liberty Park Speed Study**

At the request of citizens in Liberty Park neighborhood, Novi PD installed a speed sign on Declaration Drive (for northbound traffic) near Bartlett Drive from Monday, December 2 through Saturday, December 7 to gather speed data. A total of 4,032 cars traveled on Declaration during this time, with an average speed of 18.72 mph. Data indicates speeding is not an issue and staff have relayed the findings to our contact in Liberty Park. No further action is anticipated.

- **10 Mile/Novi Road Traffic Light**

There have been recent reports of the traffic light at Ten Mile and Novi Road malfunctioning, occasionally displaying a flashing red on all sides even at times of day when it shouldn't. The Road Commission for Oakland County (RCOC) is responsible for this signal and have already been contacted. As their monitoring panel was reporting no errors, they sent out a crew to investigate the issue on Monday, December 9th. No further report has been given to our offices from RCOC on the matter at this time, but we expect the problem has been resolved or is in the process of being so.

- **Bristol Corners Sidewalks**

Residents of Bristol Corners have recently contacted the City requesting reimbursement for sidewalk repairs they undertook themselves. This matter was previously considered by the Mobility Committee and the following was determined:

*For the duration of the Pilot Program, **the City will not provide reimbursement for sidewalk repair/replacement work performed outside of the NSRP; in other words, work completed privately by a homeowner or Homeowners Association**. Additionally, the City will not consider repair/replacement of sidewalk panels due to ponding or pooling water, assuming the two previously mentioned conditions per state law do not exist.*

The construction was previously limited only to foundation/flatwork while a hydrant was installed to make water available at the site. As of December 4th, the full building permit has been issued which will allow them to proceed with "vertical" construction.

Frequently Asked Questions:

Q: Why is the gate on LeBost closed even though it is winter? (returning issue)

A: In past years the breakaway gate on LeBost between Willowbrook Estates Subdivision and Willowbrook Farms No. 2 Subdivision was left open during Winter months for greater ease of access of snowplows and other winter maintenance equipment. However, following a renewal of interest (both for and against the gate) by residents late last winter it was decided that the gate would be kept closed all year long in order not to cause any confusion.

This is in keeping with what was contemplated by City Council when the Willowbrook Farms No. 2 plat was approved in the late 1990s, wherein a requirement for a "berm" was written into the subdivision restrictions recorded at the Oakland County Register of Deeds.

City of Novi Snowplow operators may temporarily open the gate to plow cleanly plow the street and will then close it before moving on to other areas.

Q: With the planned improvements to 9 Mile Road between Meadowbrook and Haggarty, when will the trees be removed?

A: Endangered species protections require the trees to be removed prior to March 31, 2025, to avoid disturbing bat nesting areas. The City's tree contractor will remove the trees this winter
