

Parks, Recreation & Cultural Services

Jessica's Splash Pad

September 27, 2021

In Memory of Jessica Starr

Proposed Design at Bosco Fields

Why Bosco?

- Proximity to ITC Trail and central location in the city
- Jessica's children live and attend school nearby and can visit frequently

3,200 sq ft spray area

- 4,500 sq ft total
- Open Memorial Day to Labor Day same hours as Lakeshore Beach
- Can be operated remotely & uses sensors to activate water
- Accessible to all ages and abilities

Items for Consideration

Recirculating System: Uses 1,000-1,500 gallons of water per 8-hour day.

Other costs TBD Based on Fundraising and Final Site Plan

- Utility Installation (Water/Sewer, Electrical)
- Restrooms/Changing Facility
- Concrete for pad, sidewalk/pathways & amenities (benches, shade, etc.)
- Permits
- Engineering & Site Plans
- Site Prep/Restoration/Landscaping

Total Estimated Costs = \$400,000 - \$600,000 subject to final design and amenity choices.

Next Steps

Community Funding Initiative led by Starr Family & Novi Parks Foundation

- Goal to raise \$400,000 +
