MEMORANDUM

To: Honorable Mayor, Charles Nickolay, Members of the City Council, Shawn Ryan, Maggie Bass, Bruce Wolf, Rik Seiler and City Administrator, Joshua Tetzlaff

From: Tim Applen, Chief of Police/Emergency Manager

Date: Tuesday, July 28, 2026

Subject: Temporary Patio extension and outdoor music request for Dožínky, by Schultzy's Restaurant Group LLC, dba – 1319 Woodfire Tavern

Schultzy's Restaurant Group LLC, dba – 1319 Woodfire Tavern made a request for a premises extension for consumption of alcohol on Friday, September 18, 2026, through Sunday, September 20 at 1:00 a.m. in a fenced in area on the north side of the building. They also request music to be played outside in this fenced in area for Saturday night. Outdoor music limited from 7:00 p.m. to 10:00 p.m.

Mona Schultz provided a certificate of insurance as proof of extended liquor liability insurance for the outside property including the rear parking lot prior to event. Consumption of alcohol would be allowed in fenced in area. Serving of alcoholic beverages in non-glass sealed containers would be allowed by employees in the fenced in area. All other serving the alcohol will be contained within the building. Attached is a map which indicates the fence placement.

The following conditions are set forth to control alcohol access for underage consumption:

- Outdoor event will take place on this date during business hours (Friday, September 18, 2026, through Sunday, September 20, 2026 at 1:00 AM).
- Serving of alcoholic beverages in non-glass sealed containers would be allowed by employees in the fenced in area. All other serving of alcohol will be contained within the building. Consumption allowed outside.
- Outdoor music may be played until 10:00 PM.
- The fence will be installed prior to event, with contact points to the building (or semi-permanent structure) affixed in a manner that does not allow for easy access through that contact point.
- The "fenced in area" will be accessible through the business entrance and the gate on the north side of the fence to be used for ingress and egress. Both the fence gate and the business entry will be monitored by security personnel to aid in monitoring for unlawful consumption and maintaining control of the consumption area.

Recommended Action: Approval of Schultzy's Restaurant Group LLC, dba – 1319 Woodfire Tavern request with the above conditions
