

MINNESOTA

PUBLIC FACILITIES AUTHORITY

September 3, 2025

Bruce Reimers
General Manager, City of New Prague
118 Central Avenue North
New Prague, MN 56071

Dear Bruce Reimers:

I am pleased to inform you that the Minnesota Public Facilities Authority (MPFA) has approved project financing for the City of New Prague on September 3, 2025 under the Lead Service Line Replacement (LSLR) Program in the form of a Project Order agreement. The project consists of approximately 19 lead service line replacements under MDH project ID 1400013-07. MPFA's financing for project costs is as follows:

DWSRF LSLR Principal Forgiveness grant

\$208,188

The LSLR Program has been funded through 1) federal capitalization grants from the U.S. Environmental Protection Agency to MPFA's Drinking Water State Revolving Fund and 2) state appropriations to MPFA.

We congratulate the City of New Prague for its successful application and its commitment to replace lead service lines within its drinking water infrastructure system.

The Project Order contract will be sent to you shortly through the DocuSign system. A disbursement request form is available on MPFA's SharePoint site

If you have any questions about this project financing or about the MPFA's programs in general, please feel free to contact me at 651-259-7472.

Regards,

Steve Walter, Executive Director
MN Public Facilities Authority
