MEMORANDUM

TO: HONORABLE MAYOR AND CITY COUNCIL
CC: JOSHUA M. TETZLAFF, CITY ADMINISTRATOR
FROM: KEN ONDICH, PLANNING / COMMUNITY DEVELOPMENT DIRECTOR
SUBJECT: INTRODUCTION OF ORDINANCE #351 AMENDING VARIOUS SECTIONS OF THE ZONING ORDINANCE RELATED TO PUBLIC BUILDINGS AND ESSENTIAL SERVICES STRUCTURES
DATE: AUGUST 6, 2024

The Planning Commission has recently considered a zoning ordinance amendment related to essential services structures and public buildings at its June and July 2024 meetings which culminated in a public hearing at the July 24, 2024 Planning Commission meeting in which no public comments were received.

The reason for the zoning ordinance amendments to be considered was a recent discussion staff had with the City Attorney regarding what, if any, land use approvals might be needed for the police station addition if it moves forward. The City attorney opined that the existing definition for essential services did not adequately cover facilities such as fire stations, police stations, post offices, etc. even though said definition had been utilized by the city in the past for said uses.

Staff and the Planning Commission developed the attached ordinance which would define public buildings specifically in the zoning ordinance as well as establish what districts they would be permitted or conditional uses as well as specifically calling out essential services structures as conditional uses in certain districts similar to public buildings. Essentially, public buildings and essential services structures would only be permitted uses in the B-3 Highway Commercial and I-1 Light Industrial Districts and would be conditional uses in all other zoning districts.

Recommendation

Staff recommends that the City Council conduct a first reading and approve the introduction of the ordinance amendment.

MEMORANDUM

TO: PLANNING COMMISSION
FROM: KEN ONDICH, PLANNING / COMMUNITY DEVELOPMENT DIRECTOR
SUBJECT: PUBLIC HEARING FOR ZONING ORDINANCE AMENDMENT RELATING TO PUBLIC BUILDINGS
DATE: JULY 15, 2024

Staff recently reviewed the zoning ordinance to determine what, if any, land use approvals would be needed for the Police Station to move by the Fire Station (in an I-1 Light Industrial District) as well as for the post office to move to a yet to be determined location. It has been identified that both such uses are not currently defined in the zoning ordinance.

In past practice, the city has considered uses such as the post office and government uses (police, fire, city hall, utilities, public works) under the definition of “essential services”. In recent discussions with City Attorney Scott Riggs, he stated that the “essential services” definition does not allow all those uses and is really limited to just utilities and associated buildings and that a zoning ordinance amendment would be necessary to adequately accommodate said uses.

At the June 26th Planning Commission meeting, staff presented a concept report regarding amending the zoning ordinance to either amend the definition of “essential services” or to add a new definition for “public buildings”. The Planning Commission noted support for adding the public buildings definition to the zoning ordinance and listing public buildings as a conditional use in all zoning districts. Based on the feedback received, staff has drafted this report and scheduled a public hearing to consider the zoning ordinance amendments.

Existing Zoning Ordinance Language-

Under Section 302 for Definitions, the following is the existing definition of essential services which will remain and is specific to utilities:

70. Essential Services - The erection, construction, alteration, or maintenance by private or public utilities, or municipal departments of underground, surface, or overhead services such as telephone, gas, electrical, steam, hot water, communication, water and sewage transmission and collection systems, and the equipment, appurtenances and related structures necessary for furnishing of adequate service by such private or public utilities or municipal departments. Essential services does not include personal wireless service antennas or support structures.

Proposed Zoning Ordinance Language-

Amendments are shown as follows: ~~struck out~~ and added.

Public Building - Any building held, used, or controlled exclusively for public purposes by any department or branch of government, state, county, or municipal without reference to the ownership of the building or of the realty upon which it is situated. A building belonging to or used by the public for the transaction of public or quasi-public business. For the purposes of this definition, a public building does not include a building located within a city park.

The above definition would certainly cover public uses such as fire stations, police station, city halls and even post offices.

With this new definition, said use needs to be added to permitted or conditional use categories for zoning districts. Staff would recommend the following for placement of the new “public building” use:

Include as a Permitted Use in the following districts:

Section 610 - B-3 Highway Commercial – Add as 2(Q)

Section 611 - I-1 Light Industrial – Add as 2(O)

Include as a Conditional Use in the following districts:

Section 603 - RL-90 Single Family Residential – Add as 4(F)

Section 604 - RL-84 Single Family Residential – Add as 4(F)

Section 605 - RL-70 Single Family Residential – Add as 4(G)

Section 606 - RM Medium Density Residential – Add as 4(F)

Section 607 - RH High Density Residential – Add as 4(H)

Section 608 - B-1 Central Business – Add as 4(J)

Section 609 - B-2 General Business – Add as 4(X)

Staff understands that the Planning Commission noted support at the June Planning Commission meeting to have “public building” be a conditional use in ALL zoning districts, however, staff suggests making it a permitted use in the B-3 and I-1 Districts as those districts are not subject to design requirements present in the B-1 and B-2 Districts and generally would have adjacent uses that would not have as many conflicts as might be found in the permitted and conditional uses in the other commercial district. In any case, staff does recommend that public buildings require a conditional use permit in all residential districts due to the conflicts that could arise in those zoning districts without additional conditions to mitigate the possible effects.

Staff welcomes additional discussion on which districts this new defined use should be permitted or conditional uses.

Recommendation

Staff recommends that the Planning Commission hold the required public hearing on July 24th, 2024 to gather public input and to forward a recommendation on the proposed amendment to the City Council for consideration at their meeting on August 5th, 2024.
