Summary of staff review:

Currently the Public works budgeted \$265,000.00 in the 2025 budget for the purchase of a new plow truck and with plow equipment. Staff looked at many companies that would fit what we are looking for. We

currently use Aspen and Crysteel equipment. We currently only have Freightliner cab/chassis and have had good luck with them.

Recommendation

It is the recommendation of staff that the City Council authorize the purchase of the Freightliner Truck from Truck Center, Box and plow equipment from Crysteel Truck Equipment and trade in from Truck Center. Total cost of \$252,899.00 this includes trade in.
