July 19, 2023

To: Mayor, City Council, and City Administrator  
From: Susan Macken, Library Director

Project: Library HVAC

At the June 26 City Council meeting, the council discussed the library's HVAC system. The council asked the library director to find out more information in regards to the effects of infiltrating moisture on the HVAC system. Tim Nemecheck from NEIA Mechanical plans on attending the City Council meeting on July 24 to answer questions the council may have.

Respectfully submitted,  
Susan Macken  
Library Director
