

The Oelwein City Council will evaluate and vote on the proposed rate increase in March of 2021. Rate Increases will be effective July of 2021.

- July 2021 9 percent
- July 2022 5 percent
- July 2023 5 percent
- July 2024 2 percent
- July 2025 2 percent

The City will remove the infrastructure fee. City Council determined that cost of water should be focused on usage and not a set fee.

The City of Oelwein is working toward an aggressive rate and fee schedule for the Sewer/Wastewater utility to complete several projects as shown below:

- \$1,000,000 Reed Bed Expansion
- \$300,000 Nutrient Reduction
- \$200,000 Clean Out Equalization Basin Replace Liner
- \$200,000 Sewer Main Replacement
- \$135,000 UV Disinfection
- \$100,000 annual revenue for capital improvement projects in sewer/wastewater
- \$70,000 staffing level
- Infiltration/Inflow (INI Study)
- Improvements to 4th and 5th NE

Raising rates on a utility is not something that the City takes lightly. City staff has planned out several projects and worked the numbers for months to prepare a successful plan for City Council. The current council is serious and determined to make improvements to infrastructure. The determining factor is that City Council no longer wants to make this problem the next generations and take a proactive approach. The City continues to deal with tighter regulations from the Iowa Department of Natural Resources (DNR) and believes that rate increases will help the city stay in front of these regulations which will cost the city millions of dollars.
