

MEMORANDUM

TO: Mayor Brett DeVore – Oelwein City Council - City Administrator Dylan Mulfinger

SUBJECT: Equipment Upgrade

With the street department, purchasing new equipment the parks department is looking forward to an equipment trade. If the parks department receives the A300 Bobcat, Bryan Const. has offer \$3,000 in trade for the current cemetery skid loader. We believe it is in the Cities best interest to sell the S130 bobcat and take the proceeds to purchase a snow blower attachment to utilize on our ever-growing trail system. In addition, purchase a set of 48" forks to be left at the cemetery to leave cribbing on a pallet, which would save the employees loading and off-loading cribbing on the dump truck every burial. It is our recommendation to stick with the Bobcat brand with Bryan Heavy Equipment, as both the Bobcat snow blower and forks are lower cost as well than the Deere equipment.

Bobcat SBX240 Snow blower – 84”

Hydraulics

Hydraulic Flow Required Min: 35 gal/min (132.5 l/min) | Required Max: 42 gal/min (159 l/min)

Dimensions

Length 44.4 in (1128 mm)

Width 86.5 in (2197 mm)

Height 65.5 in (1664 mm) | Intake: 33.8 in (859 mm)

Dimensions Steel Cutting Edge: .5x4.0 in. (13x102mm) | Fan Diameter: 24 in (610 mm) | Auger Diameter: 18.5 in (470 mm) | Discharge Chute Angle: 270° | Throw Distance: Up to 45 feet (13.7 M)

Weights

Weight Operating: 1105 lb (501 kg)

Features

Discharge Type Chute: Hydraulically Controlled

John Deere SB84H Snow blower - 84”

Key Features

- Two-stage hydraulic blower
- Simplified direct-drive hydraulic motor design
- Skid shoes adjust easily
- Deflector make it easy to direct the snow

Flow Rate 114-159 lpm (30-42 gpm)

Cutting Width 2134 mm (84 in.)

Cutting Height 914 mm (36 in.)

Bryan Heavy Equipment -SBX240 \$6,400.72

Bodensteiner John Deere - SB84H \$11,500.00
