Reference: Replacement Dump Box

Date: 03/18/21

Greetings,

We have received a quote from Dons' Trucks on the replacement dump box for the Tandem. They are the Henderson representative and for ease of install they are located in Fairbank thus one quote provided. Due to the age of this vehicle the two options quoted will not be needed. I recommend that we go with Dons' trucks quote of \$19,610 installed.

Thank you for your time.
