To: Honorable Mayor and Council

From: Public Works Director Herb Doudney

CC: City Administrator Dylan Mulfinger
Assistant Public Works Director Tom Stewart

Reference: Spare Lift Station Pumps

The City of Oelwein sewer distribution system utilizes five sanitary sewer pump stations to facilitate pumping waste water to the Waste Treatment Plant, each of these pump stations contain two pumps.

The pumps in these stations are unique to each station and are at times difficult to get serviced in a timely fashion.

The purchase of these pumps will assure we can handle any pump failures by simply installing the spare pumps as failures occur.

Historically when pumps fail it is weeks and sometimes months before a replacement can be obtained putting our system at risk of surcharge.

I would like to recommend moving forward with the purchase of two spare pumps, one for the 1st Ave and another for the 20th Street Lift Station. Electric Pump has the more competitive overall quote at \$43,657.75.

Regards,

Herb Doudney
