Comments

Work will be delivered remotely unless otherwise noted in this agreement.

Time & Attendance SSL Certificate Requirements: Clients must obtain an SSL certificate (2048-bit minimum) for on-premises Tyler servers from a trusted Certificate Authority (CA), such as a commercial provider (e.g. Verisign, GeoTrust, DigiCert) or client managed CA. SSL certificates are required to secure application communication by encrypting data over HTTPS. Server specific certificates (e.g. tylerapp.yourdomain.org) are supported, though a wildcard certificate (e.g. *.yourdomain.org) is commonly used for multiple servers on the same domain.

Your use of Tyler Payments and any related items included on this order is subject to the terms found at:
https://www.tylertech.com/terms/payment-card-processing-agreement. By signing this order or the agreement in which it is included, you agree you have read, understand, and agree to such terms. Please see attached Tyler Payments fee schedule.

Any acquisition of clocks and/or clock maintenance is subject to the following terms:
Time & Attendance Clock Terms (tylertech.com)

Identity Workforce Advanced [5]   Tyler's Identity Workforce currently supports the following identity providers (IdP's) for use with Tyler back-office solutions: Microsoft Active Directory through Azure AD, ADFS or Okta AD agent, Google Cloud Identity, Identity Automation RapidIdentity, and Okta. Any requirement by you to use an IdP not supported by Tyler may require additional costs, available upon request. Identity Workforce SaaS Fees are based on user counts. Year one SaaS Fee is based on estimated user count as indicated in this order. Unless otherwise agreed by the parties, the SaaS Fee for each subsequent annual term is based on the preceding annual term's annual user count.

Utility Billing Water/Gas   Utility CIS System includes collections, tax lien process and import, a standard forms pkg., output director and one Utility handheld meter-reader interface.

Utility Access   Utility Access Component displays the current status (late, cut off etc), the action needed to avoid penalty, current balance, deposits on file (optional), last payment date, last payment amount, payment arrangements on file, last bill amount, last bill date, bill due date, contracts on file and status, transaction history (online payments). Payment packet is created to be imported to utility system. Address information includes legal description, precinct, school district, and services at address(subject to data availability). Includes consumption history by service (including graphs), request for service (optional), information change request (optional), security -SSL (secure socket layer).

Core Financials   Core Financials includes general ledger, budget prep, bank recon, AP, CellSense, a standard forms pkg, output director, positive pay, secure signatures.

Cashiering   Cashiering supports credit/debit cards, is PCI Compliant, and includes a cash collection interface and a cashiering receipt import.

Invoice Approvals   Invoice Approvals, included with AP Automation, automates invoice workflows by routing them to the appropriate departments for completion and approval.

Advanced Scheduling   Advanced Scheduling includes Advanced Scheduling Mobile Access

Permitting Access   Permitting Access displays the project detail, which includes permit number, status, address, owner name, expiration date, and issued date. It also displays the segment detail, which includes the fees, balance, payments, and any pending payments. It displays any inspection history. Payment packet is created to be imported to the permitting system. It also allows the user to request inspections, as well as pay or apply for a permit. Note that the customer pays the $1.25 fee per transaction for payment online.

Licensing Access   Licensing Access displays the license detail, which includes license number, license type, issued to, alternate contact, property, status, effective date, and expiration date. It displays the balance detail, such as fees, penalties, interest, and tax. Payment packet is. It also allows the user to request renewals, as well as pay or apply for a license. Note that the customer pays the $1.25 fee per transaction for payment online.

Notifications for Utilities Notification for Utility Access ($0.10 per call) includes Customer notification by phone (call late notices and general notifications). Call lists are automatically generated and the account is updated after the call. It includes a custom message for each call type and the call message can be in English or Spanish. It generates reports based on call results. Note: The Utility will be billed at the rate specified above for all the calls made. The Utility will be billed quarterly by Tyler Technologies for calls conducted.

Utility Access Payments Bundle The Utility Access Payments Bundle includes: ERP Pro Payments and IVR (an automated phone system which securely allows for the collection of utility payments and the checking of balances and due dates).

AP Automation AP Automation pricing quoted reflects processing via ACH or Virtual Card. Processing checks will incur a fee and an invoice will be provided annually based on actual usage. Please refer to the Terms of Use for Fee Structure.
