southeastern american kestrel	<i>Falco sparverius paulus</i>	T	
bald eagle	<i>Haliaeetus leucocephalus</i>	T	
MAMMALS			
Florida panther	<i>Puma concolor coryi</i>	E	E

E = Endangered

T = Threatened

SSC = Species of Special Concern

Reasons for SSC listings prior to January 1, 2001 are indicated by the number in parenthesis under the following criteria:

- (1) has a significant vulnerability to habitat modification, environmental alteration, human disturbance, or human exploitation which, in the foreseeable future, may result in its becoming a threatened species unless appropriate protective or management techniques are initiated or maintained
- (2) may already meet certain criteria for designation as a threatened species but for which conclusive data are limited or lacking
- (3) may occupy such an unusually vital or essential ecological niche that should it decline significantly in numbers or distribution other species would be adversely affected to a significant degree
- (4) has not sufficiently recovered from past population depletion
