| DATE: November 18, 2021 | ITEM NO. | SUBJECT: Update on Guidelines for Residential Wells |
| Presented by: Town Administrator /Clerk | | |

Background

At a prior meeting, Board directed staff to bring back the discussion of amending guidelines for residential wells. Upon further staff discussion, more questions were identified.

Additional information will be forthcoming from GMS to inform the Board of clarification with the state – as residential wells are state issued permits – to be sure Town aligns with state requirements and does not create additional issues for residents.
