

**TOWN OF PALMER LAKE
BOARD OF TRUSTEES - AGENDA MEMO**

DATE: July 28, 2022	ITEM NO.	SUBJECT:
Presented by: Town Administrator /Clerk		Request for Public Displays of Art

Background

An ordinance was found while reviewing the recodification code pertaining to public displays of art, a copy enclosed for your review. Staff is working on an application for future use.

The idea to highlight and promote local artists' work was presented to the PLEDG Art group and they are running with it. Julia and her husband have volunteered spare time to repaint office walls. A track light was donated and installed to highlight one wall of the lobby and intended for five pieces of wall art to promote local artists. There is no intention for the town office to become a point of sale (POS) for artwork but simply to display and possibly cycle new work every 6-12 months.

With the new xeriscape landscaping at the museum/library, concrete pedestal placements are intended for two locations to feature sculpture art. This effort is being funded completely by donation.

Mr. Lynn Roth and Mr. Dennis Book will be present to speak to the process created by the Art group for items 11 and 12.

Action

Staff is seeking Board approval of this process and the art display.
