CJ Runge, Regional Director, Southern Front Range Land Conservation, Mile High Youth Corps
17 E Vermijo Ave., Colorado Springs, CO 80903

Diane Metzger, Great Outdoors Colorado, dmetzger@goco.org

Dear Nancy, Tom, Diane, and CJ:

On behalf of the Palmer Lake Parks and Trails Commission and the Town of Palmer Lake, I would formally like to thank you so very much for the approval of a slate of projects approved by the GOCO Board of Trustees for 2025. This grant for four total weeks of Youth Corp work on our trails and in the adjacent North Monument and Monument Creeks will go a long way toward completion of the trail work that began last year.

This will also continue our great relationship with the Youth Corp that established the perimeter trail on the Elephant Rock property and the Kent-Prairie trail connection last year.

We will of course adhere to the required language and the 2025 GOCO-funded Conservation Service Corps Project Media Guide provided and contact Tom or Diane should we have any questions.

Our point of contact for the project is Palmer Lake Parks and Trails (PLP&T) Commissioner Kevin Magner, kmag728@gmail.com or (303) 329-8589. We look forward to scheduling the work weeks and Kevin will be in touch.

Please do not hesitate to reach out for any relevant information or questions. Thank you again for your support for our projects.

All the best for a great 2025!

Sincerely,

Reid Wiecks, Chair
Palmer Lake Parks and Trails Commission
