Hello Julia!

Tony in your office kindly passed on your email address while you were in a meeting this morning.

We are two friends who love hiking in and around Colorado Springs. We run a small business and blog together at www.coloradohikesandhops.com.

Yesterday we had a very fruitful, informative conversation with Sue Miller in charge of permits at the Pikes Peak Ranger District.

We would like to lead guided day hikes in Colorado Springs area on a bi-weekly basis for small groups of people, as part of our small business.

If we are approved and allowed, we would like some of these guided hikes for small groups to include a handful of service days in the winter or summer starting from the Palmer Lake Reservoirs trailhead.

We are reaching out to you to see if there is a Palmer Lake permit required for us to do this .

Any help, directions and point of contact you can offer us would be greatly appreciated. We would be more than happy to come and meet with someone in person. We want to run everything correctly and with integrity. Thank you!

Best,

Tanya Raedeke
