

**TOWN OF PALMER LAKE
BOARD OF TRUSTEES - AGENDA MEMO**

DATE: April 27, 2023	ITEM NO.	SUBJECT: Direction for Previously Adopted Emergency Ordinance (2018)
Presented by: Town Administrator /Clerk		

In 2018, an emergency water ordinance was adopted, found here –

<https://www.townofpalmerlake.com/ordinances/emergency-water-system-expansion-restriction>

Typically, an emergency ordinance is in place while a plan is being considered. It is requested that the Board consider the status of the water system since review and receipt of the completed PER and possible direction considered for the water system.

Should the town remain in a restricted emergency position?
What is the future plan?

Regardless of the service boundary, if modified, water taps remain on a first come, first serve basis with land use applications and/or Board approved development agreements.

Staff is requesting direction to reflect the desire for the future water system.
