

**TOWN OF PALMER LAKE
PARKS & TRAILS COMMISSION - AGENDA MEMO**

DATE: October 10, 2025	ITEM NO.	SUBJECT: Parks Report For October ‘25
Presented by: Stacy DeLozier		

Ongoing/Completed:

Troll will be going under the pedestrian bridge on the West side here in the next few weeks. We cleared out and built a pad within the painted areas where it will be placed, as per Tim Caves.

Received engineering plans from GMS on the Glen Park drainage issue.

Nonstop mowing, weed whacking and tree trimming daily all over Town Parks.

Helped with Parks/ MHYC creek cleanup/ debris clearing. Went well using PW dump trailer.

Starting to mow ERock 10/10.

We appreciate the help so far from Parks committee with the 2026 budget planning.

Upcoming:

Need to order Bear Proof Trash Cans, how many and where? (need 3 new ones to replace old crappy cans) Does anybody have a good source for these that aren't crazy expensive?

Baby changing stations are not installed yet. Bathrooms will be winterized at the end of next week for the winter.

Electrical outlet by Lake Pavillion is fixed.

Will spray weeds around PB bathrooms next week.

Need to find the Information boards that everybody agrees on and then where the permanent placements around Town will be.

Need info on the Pickleball info holders for the PB gates. John Tool?
