Hey Dawn

Thanks for the call earlier.

Attached is the Site Plan.

Also, Please advise the board of the following.

We will not be selling materials to the public as of right now, due to other internal challenges we are working through. When the time is right, I will notify you that we would like to start selling to the public, and we can work through whatever needs to be done to execute that.

I would really like to move forward with the Permit and attend this Wednesday's meeting, but recently my daughter was bit by our dog in the face and needed medical intervention. We are planning on euthanizing the dog this Wednesday at 5pm. Unfortunately, I will not be able to attend that meeting.

As of right now, all I am waiting on is the Traffic Impact Study to be completed. If we can move forward with everything that would be great. As soon as I receive that it will be sent to Arthur for review.

Let me know if you need anything else.

Thank you,

Jared Whiteley
