Variance Application Form

Name of Applicant/Property Owner: Selah Lodge (Custom Design Builders) Eric Sepp (homeowner)
 Address: 2058 Diamond Creek Dr., C/S 80921 Phone#: 719-231-8400
 Email: selah@customdesignbuilders.net

Name of Proposal: Small deck with steps instead of concrete pad

Legal Description or Address: 7105425013 Lot 1 Blk 1 Lakeview Heights
200 Lake Ave. Tax Schedule # Unit 2 Palmer Lake

This is a Variance – A deviation from Subdivision or Zoning Regulations. This consists of a written request which, if it affects the design of a subdivision, must be so noted on the appropriate Plat.

Please fill out the appropriate submission checklist to complete the application.

Current Zoning and Uses of Surrounding Property:

N:	<u>no zoning</u>	<u>residential home</u>
E:	<u>no zoning</u>	<u>residential lot</u>
S:	_____	<u>Santa Fe Regional Trail</u>
W:	_____	<u>Santa Fe Regional Trail</u>

State your variance request exactly as you would like it approved, including the benefit to yourself, neighborhood and the community.

Our original plan was to have a concrete pad out the back door, but due to elevations on lot, we need a deck and steps down to concrete pad to meet egress requirements out that door.

Please state the regulation/code that directly relates to the variance request.

the deck steps are partially outside the stated setback regulation

Explain how the variance would benefit to the health, safety, appearance, and general welfare of the community, if granted.

provide egress exit out the back door of the house

Explain how adjacent properties will be affected if the variance is granted.

none

State how strict application of the zoning would place an unusual and unnecessary hardship on you and/or other parties involved.

the door would not be usable, as it is too high to step out without some steps

Do you own any adjoining lots? If so, how many and what are the square footage of these adjoining lots?

no

Hi Dawn,

The last step is the most encroachment on the setback. It will be approximately 36" over the line. The setback is a diagonal line across the deck and steps - it goes from roughly 21" to 36" over the line.

Let me know if you need additional information.

Sincerely,
Ben

Ben – if this variance request is to take place on Jan 4, I will need the furthest measurement of the steps that are inside the 25' setback in order to finalize the publication/posting to make the Jan 4th meeting; otherwise it will be February.

Kindly advise at your quickest convenience,
