Subject: Re: Contact information for the Children's Center Board

Dear Assembly,

Our council has the Children's Center's board president's name. Some of the PCC board met with some of our Petersburg Lutheran Church council last night. Both boards are working to find acceptable solutions. No further action is needed by the Borough.

Thank you,
Tim Bernard

We have tried to talk to the director about excessive noise (screaming) without any staff intervention. We would like to address the board and see if we can't come to an understanding about the children's outdoor supervision.
