Hello and thank you for taking the time to read my email.

I am writing today to bring up the policy in place to charge youths \$5 when they attempt to attend open swim without their membership card. I do understand that reprinting cards takes time and money, but when all youths are allowed free admittance, I find it unfair and exclusive for those kids who are forgetful and/or financially unable. I would like to ask that this policy be revisited and discussed to possibly come up with a policy that is more inclusive for our demographic that really benefits from having this option available.

Sincerely,
Cena Worhatch
