

December 2, 2024 - Update from Carey Case Acting District Ranger

West Point Cabin, in Portage Bay will be closed for structural repairs for a portion of the 2025 Summer season. We wanted to start to get the word out to the public now as it is a very popular cabin. At this time, we have closed the cabin from August 15th- September 30th in anticipation that repairs will be made during this time period, this could change based on contractor availability. The public will see this information reflected on Recreation.gov at this link -- [West Point Cabin, Tongass National Forest - Recreation.gov](#) when they go to rent this cabin, and look at dates of availability. We apologize for any inconvenience this may cause. If you have any questions regarding your stay at West Point cabin, please contact the Petersburg Ranger District at 907-772-5869 or email the Cabins Program Manager at dana.bronkala@usda.gov

Our move to the Harris Building is complete. Our front desk is open, and available to help the public.

Thank you and please let me know if you have any questions.
