Re: Letter of Interest to Serve on the SEAPA Board of Directors

Dear Debbie,

I would like to express my interest in continuing to represent Petersburg on the SEAPA Board of Directors for the calendar year 2025.

I've found the work on the Board to be very rewarding and I look forward to maintaining continuity on the Board of Directors as the Agency moves forward with various important and long lead time projects, such as the third turbine at Tye Lake, substation improvements in Ketchikan and Wrangell, a potential solar generation site and the process of FERC relicensing for both Tye and Swan Lakes.

It has been a pleasure to work with Assembly Member Bob Lynn on the Board, as well as the current alternates Mayor Jensen and Assembly Member Fine-Walsh. I feel that Mr. Lynn and I have contributed to positive outcomes for SEAPA and for Petersburg and I would like the opportunity to continue to represent our community if the Assembly is amenable to my appointment.

I maintain that my operational knowledge and weekly contact with SEAPA and the member utilities offers Petersburg a representative that is heavily committed to the success of the agency and our local utility.

Please let me know if you have any questions for me and please forward my interest to the Mayor and Borough Assembly for their consideration.

Thank you,
