

Director Download for Advisory Board Meeting July 22, 2026

Stephanie Payne

OPERATIONS

- Worked with Coach Thain to get the elementary kids into the pool for one last round of water safety before school got out for the summer. Had SUP's and kayaks out in the pool to get them some general guidance and promote the use of PFD's.
- Participated in the Teen Health Fair hosted by high school. We typically give them tours of the facility and speak about what is available to them and how they have access while in school and once they graduate. Scott also talks about becoming a lifeguard.
- Allowed use of facility for Op Grad! Always happy to be a safe place for graduates on graduation night!
- One more successful LNF on the books!
- Gave a talk to high school kids working for PIA this summer about outdoor jobs. We had a great conversation down at Sandy Beach.
- Purchased a new 15'x15' for funeral services in inclement weather.
- Hosted our CCC event in gymnasium and used the covered area on school grounds for the BBQ burgers! Donations from Petersburg IGA and Hammer and Wikan made the burger lunch a success!
- First annual Trekking through the Tongass gravel bike race happening July 25th! A 25 mile drive through 3 Lakes Rd and 40,000, beginning and ending at the Rapids!
- Will be communicating with the school and VSC regarding use of pool in Aug.
- We will begin the registration for Youth Basketball next month – keep your eyes out for details!

MAINTENANCE

- Had Ground Penetrating Radar (GPR) completed for locker room floors in preparation for the current sewer repairs.
- Weekly contractor/engineer meetings during project.

- Hoping concrete cutting will be completed soon so that we can turn on the HVAC and start refilling pool for use while remainder of project gets completed.

I will be out of the office from 8/30-10/5. Julie Anderson will be Acting Director in my absence.

This concludes my report, please present any questions you may have.
