Subject: Tax Exempt card

Hello Mr. Mayor and Assembly Members,

I recently went to the city office with a friend from out of town, who was inquiring about the Senior Tax Exempt card for her Mom, who lives at Assisted Living and is on Medicaid. We were given an application for the State Senior Benefits Program and told she has to be approved in that program first.

Our concern with being approved for State benefits is what will that do to her Medicaid approval, as that is based on income. Also, what does that do to her Assisted Living rent?

Thank you for your time.

Sincerely,
Kellie Jones
