

PUBLIC WORKS

Department Update

To: Town Council

From: Chip Hill

Date: 03/01/2022

Re: Public Works Updates

Police Department Mini Split: The Public Works' storm water and street crew poured a pad at the rear of the PD to place the split unit on for the IT room. (see pictures #1 & 2)

Huntley Glen: The street repairs are moving forward as expected.

McCullough: The storm drain video has been submitted to the Town and county for review.

Lynnwood/Lakeview: The final set of plans have been sent for the drainage project. Various easements will have to be changed to match the new easements required for the drainage lines.

Sidewalks on Hwy 51/Town Centre Blvd: The scope of work for these sidewalks has been sent out for pricing. The quotes should be received this week.

Miller Road: Repairs on the storm drain are being made and as-builts have been submitted to the county for approval.

Meyer Lane: Work is still scheduled to be completed by the end of March.

Mulching: The Public Works Maintenance Crew has put out approximately 68 cubic yards of mulch at all Town buildings excluding the Police Department. Our crew is working on the PD now.

Roof at Public Works Building: The roof and gutter replacement on our building is complete.

Flooring at the Police Department: The installation of the floor coverings at the PD is complete.

*see attached permits issued/received spreadsheet.
