

Agenda Item - Grant Resolutions

Agenda Title:

- Grant Resolutions

Department/Contact Person:

- Parks & Facilities - Justin Wieberg

Background Information:

- Since funding through MODOT and MARC of the MOPAC Phase 3 is still in question, we wanted to give the best success rate of this project moving forward. We are trying for more opportunities for funding to ensure the completion of this project: 1) Recreational Trails Program (RTP) and 2) Land & Water Conservation Fund (LWCF).
- In order to apply for these grants, we need Council approval.

Financial Information:

- The total anticipated cost of this project is \$140,000. The RTP has a minimum match of 20% (\$28,000) and the LWCF has a minimum match of 50% (\$70,000).
- Our funding match has already been budgeted in our Capital Projects Fund.

Staff Recommendation:

- City staff recommends passing these resolutions in order to apply for these grants.
