PROBLEM IDENTIFICATION

Substance-impaired drivers contributed to 22.9 percent of Missouri's traffic crash fatalities during the past five years. Alcohol remains the primary contributor to substance-impaired driving crashes; however, the number of persons under the influence of prescription medications and/or illicit drugs continues to increase. Male drivers were more likely than females to be involved in substance-impaired driving crashes. During the past five years, males were responsible for 80.4 percent of substance-impaired driving fatalities. Fourteen percent of the children less than 15 years of age, who were killed in motor vehicle crashes over the last five years, were riding with a substance-impaired driver who often was an underage-impaired driver.

Cass County ranks 13th in alcohol involved traffic crashes. Pleasant Hill ranks 67th in alcohol related traffic crashes.

During the current reporting period the Pleasant Hill Police investigated 345 traffic crashes. Of those 345 traffic crashes 7 were alcohol related. Of those 7, one of those was a personal injury crash.

There were no fatality crashes reported during this period.

The top crash locations related to alcohol involved traffic crashes was city streets, followed by 7 Highway. The high crash month is December. The high crash day of the week is Sunday. The high crash times are 2000-2159 hours followed by 0000- 0059 hours.

GOALS/OBJECTIVES

Core Performance Measure Goals

1. Based on an annual average increase of 3.41 percent in alcohol-impaired driving involved fatalities from 2014 to 2018, Missouri is projecting a five-year average of 251.5 alcohol-impaired driving involved fatalities of 251.5 by December 31, 2021.

The Pleasant Hill Police Department will continue to actively enforce driving while intoxicated alcohol and drug violations. It is the Pleasant Hill Police Department's view with continued aggressive impaired driving enforcement we will continue to force our alcohol related crashes ranking to drop even lower. The previous reporting period shows the Pleasant Hill Police Department's ranking at 63rd but our current ranking is 67th this the Pleasant Hill Police Department believes is a direct result of it's continued aggressive enforcement.

*Evaluation and requests to fund future projects will not be based solely on attaining Goals and/or Objectives if satisfactory justification is provided.

The Pleasant Hill Police Department will have 2 D.W.I. wolfpacks each month in the hopes of lower the alcohol related arrests and alcohol related traffic crashes.
