Location: Cass County Fairgrounds

Anticipated Attendance: 300–400 attendees

---

## Event Description

The Family Fireworks Spectacular is an annual event tradition hosted every summer at the Cass County Fairgrounds. Designed as a client appreciation and family-friendly community event, it brings together hundreds of families for an evening of wholesome fun, patriotic celebration, and safe festivities.

Activities include:

- A professional fireworks display (fully licensed and insured)
- Children's games and activity booths
- Face painting
- Live family-friendly music
- Visits from local emergency personnel (including local police officers and a firetruck for kids)

This is a non-alcoholic event, reinforcing our focus on safety, family values, and inclusivity for all ages.

## Safety & Logistics

- Security Presence: We have historically arranged for police presence during the event and plan to do so again this year to ensure a safe, respectful environment.
- Fire Department Coordination: In previous years, on-site fire personnel and a firetruck have been present as part of both safety precautions and community engagement.
- Licensed Fireworks Vendor: Fireworks are provided by a professional, fully licensed and insured vendor in compliance with all state and local regulations.
- Parking Management: Designated parking is provided on fairgrounds property, with traffic control measures to manage flow and accessibility.
- Restrooms: On-site restroom facilities will be available, with additional portable restrooms arranged as well.
- Clean-Up: A post-event clean-up crew is coordinated to leave the site in excellent condition the same evening of the event.

## Requested Approval

We respectfully seek the council's approval to host this community event at the Cass County Fairgrounds, including permission for the fireworks display, anticipated attendance, and use of necessary public safety and sanitation services. We are committed to full compliance with all city regulations and open to any additional requirements the council may advise.
