To the Board of Trustees:

I am recommending that the Village authorize the use of Dach Fence Company for the installation of fencing at the Beaver Drive and Whiting Road lift stations, in the amount of \$20,290.

At the June 24, 2026 Board meeting, the Board requested that we obtain at least three quotes for the fencing work. Following that meeting, I reached out to five additional fencing contractors. Two companies indicated that they do not perform work in Boone County, one did not respond after my initial request for a proposal, and two provided additional quotes.

The quotes received for the project are as follows:

- Dach Fence Company: \$20,290
- Rock Valley Fence: \$22,553
- Peerless Fence: \$26,120

After obtaining the additional pricing requested by the Board, Dach Fence Company remains the lowest quote at \$20,290.
