CODE

Evections have finally started back up in Boone County. We have had 3 houses sitting for 2 years waiting on evections due to former occupants leaving stuff behind. All three homes have started the clean out process and code violations are starting to be corrected by the banks. 2 of the homes will take a while to be cleaned out.

For the month of November, we sent out 4 notice of violations and we have 2 that is still out standing from previous months. We are working with everyone to get the properties cleaned up and into compliance.
We had 1 stop work order for the month of November.
