11/23/21

Board of the
Village of Poplar Grove -

I am writing to ask for
a waiver of the disconnect/re-
connect fees for my property.
My husband has been
on short term disability
for the last four months and
is only receiving 50%
of his normal pay. My
employment has gone
from full time to 16
hours per week as of
Nov. 1st, after being

laid off for more than
7 months this year. Unemployment
has ended and I will be
laid off again in approximately
3 weeks. We are ~~Stuck~~
struggling to pay our mortgage
and bills.

There is a disconnect
fee from earlier this month.
We an agreed payment
was made and the water
was reconnected. I agreed
to make another payment

On Monday 11/22 I made this payment online On 11/23 my water was disconnected again. I again paid $100.00 over the phone + called my bank to deny any charge made online.

The disconnect/re-connect fees for these 2 instances are creating an even greater hardship on my family

I am asking
that you please waive
these 4 charges.

Thank you for
your consideration.
