Re: Monthly Report – August

Summary

We are investigating hangars at the airport that were converted into a residential use(s). This is not allowed per the current Special Use. Mortimer's Road House is still not in compliance with the altered deck area. Will send a final letter to them. I met with Mike Dudek at 100 E. Grove regarding code requirements for the new gaming facility, which was recently approved. Staff and I are working on the updated building code. David Kurlinkus from Roxanne's Office forwarded a draft of the changes. This will be reviewed in September and hopefully ready for the board to consider in October. The number of permits, inspections and code enforcement equaled 225. This number decreased from 252 last month to 225 this month.

Below are the statistics for the month of August.
