Subject: Re: board meeting agenda, water hook-up

Hi,

I just spoke with someone from the office (sorry, I didn't catch her name), and she said that I should email you in order to get on the agenda for Monday's village board meeting.

We would like to connect to city water; and since we have been on city sewer for the entire 47 years that we have lived here, we wondered if the village would consider charging a reduced fee for us to hook-up to city water. The plumber, John Freed Plumbing of Rockford is doing the work, and he informed me that it would likely be done perhaps during the last week of July. I am expecting a cost estimate from them soon.

We bought the house in 1974, and the sewer hook-up, with our own water, was already in place at that time.

Would it be possible to put us on the agenda for Monday's meeting in order for the board to consider this?

Thanks for your consideration.

Gwen Jones
