Re: Monthly Report – June

Summary

We have completed our review for 201 N. State. This permit is ready to be issued and may be issued at the reading of this report. This month we inspected some residences that have been created within the hangars at the airport. This will require an amendment to the special use and code compliance. I am still working with the owner of 105 W. Grove regarding the expansion of his outdoor eating area. I have completed a draft of the building code along with amendments and staff is reviewing the draft. I hope to have the finished document completed for the September or October Board Meeting. The number of permits, inspections and code enforcement equaled 423. This number increased from 312 last month to 423 this month.

Below are the statistics for the month of June.

Category

Complaints	13
Verbal/Written Warnings	17
Permits Issued	0
Court Tickets Issued	0
Meetings	0
Phone Calls/Admin. (Mondays only)	30
B&F Inspections	250
Property Maintenance	66
