CURRENT RECOMMENDATIONS

1. **GASB STATEMENT NO. 94 PRIVATE-PUBLIC AND PUBLIC-PUBLIC PARTNERSHIPS AND AVAILABILITY PAYMENT ARRANGEMENTS**

Comment

In March 2022, the Governmental Accounting Standards Board (GASB) issued Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, which provides guidance regarding the information needs of financial statement users by improving the comparability of financial statements among governments that enter into public-private and public-public partnerships (PPPs) and availability payment arrangements (APAs) and by enhancing the understandability, reliability, relevance, and consistency of information about PPPs and APAs. A PPP is an arrangement in which a government (the transferor) contracts with an operator to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. Some PPPs meet the definitions Service Concession Arrangements (SCAs) if (a) the operator collects and is compensated by fees from third parties, (b) the transferor (government) determines or has the ability to modify or approve which services the operator is required to provide, to whom the operator is required to provide the services, and the prices or rates that can be charged for the services, and (c) the transferor (government) is entitled to significant residual interest in the service utility of the underlying PPP asset at the end of the arrangement. An APA is an arrangement in which a government compensates an operator for activities that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period of time in an exchange or exchange-like transaction. GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements* is applicable to the Village's financial statements for the year ended April 30, 2024.

Recommendation

Lauterbach & Amen, LLP will work directly with the Village to review the new criteria associated with PPPs and PPAs to determine the appropriate financial reporting for these activities under GASB Statement No. 94.

Management Response

Management acknowledges this comment and, if applicable, will work to implement it when required by GASB.

It establishes uniform accounting and financial reporting requirements for SBITAs, improves the comparability of financial statements among governments that have entered into SBITAs, and enhances the understandability, reliability, relevance, and consistency of information about SBITAs. 3. GASB STATEMENT NO. 100 ACCOUNTING CHANGES AND ERROR CORRECTIONS

Comment

In June 2022, the Governmental Accounting Standards Board (GASB) issued Statement No. 100, *Accounting Changes and Error Corrections*, which establishes accounting and financial reporting requirements for (a) accounting changes, and (b) the correction of an error in previously issued financial statements (error correction). Accounting changes are (a) changes in accounting principle, (b) changes in accounting estimates, or (c) changes to or within the financial reporting entity. GASB Statement No. 100 requires that (a) changes in accounting principal and error corrections are reported retroactively, (b) changes in accounting estimates are reported prospectively, and (c) changes to or within the financial reporting entity should be reported by adjusting the current reporting period's beginning net position, fund balance, or fund net position, as applicable, for the effect of the change as if the change occurred as of the beginning of the reporting period. 4. GASB STATEMENT NO. 101 COMPENSATED ABSENCES

Comment

In June 2022, the Governmental Accounting Standards Board (GASB) issued Statement No. 101, *Compensated Absences*, which establishes standards of accounting and financial reporting for (a) compensated absences, and (b) associated salary-related payments, including certain defined contribution pensions and defined contribution other post-employment benefits (OPEB). The statement requires that a liability should be recognized for any type of leave that has not been used at year-end if (a) The leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. Examples of leave that should be reviewed, and potentially measured under GASB Statement No. 101 are vacation leave, paid time off leave, holiday leave, and sick leave. Recommendation

PRIOR RECOMMENDATIONS

1. GASB STATEMENT NO. 87 LEASES

Comment

In June 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 87, *Leases*, which provides guidance regarding the information needs of financial statement users by improving accounting and financial reporting for leases by governments. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. In accordance with GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, which was issued as temporary relieve to governments and other stakeholders in light of the COVID-19 pandemic, GASB Statement No. 87, *Leases* is applicable to the Village's financial statements for the year ended April 30, 2023.

Recommendation

Lauterbach & Amen, LLP will work directly with the Village to review the new lease criteria in conjunction with the Village's current leases to determine the appropriate financial reporting for these activities under GASB Statement No. 87.

2. CAPITAL ASSET APPRAISAL

Comment

Previously, we noted the Village could benefit from having an appraisal of capital assets performed by an outside appraisal firm. This appraisal will be used to track capital assets. The benefits of an appraisal by an outside appraisal firm include but are not limited to 1) records for insurance purposes and 2) provide more accurate records of capital assets, including real property that the Village owns for financial reporting purposes.

Recommendation

We recommended that the Village have an outside appraisal firm perform a physical inventory and valuation of all the Village's capital assets. A periodic inspection of the assets should also be compared to this detail listing to ensure that all assets are accounted for on a regular basis.

3. RECAPTURE AGREEMENT

Comment

Previously and during our current year-end audit procedures, we noted that the Village has a recapture agreement with a local subdivision and a related liability recorded within the Water and Sewer Fund. The language in the existing agreement is somewhat unclear as it relates to the calculation the various pieces of the agreement.

Recommendation

We recommended the Village review all current recapture agreements and the related liabilities, in order to ensure that the Village and Developer are in agreement as to the terms and calculations outlined in the recapture agreement.

Status

This comment has not been implemented and will be repeated in the future.

Management Response

The Village continues to collect and record any recapture agreements from prior years. Analysis of those agreements is part of an overall audit of subdivisions which started in fiscal year 2018. It continues to remain a high priority. The work is in progress and should be completed within the near future.
