Subject: Waiver for Water/Sewage Bill for 537 Prairie Point Dr. Poplar Grove Used by Squatters

Dear President,

I hope my letter find in your best health during this Covid-19 season. I have the current owner of the property. However, this was a very unusual circumstance that how I acquired the possession of the property and moved into my own house when squatters named: **John Braun, Carol Braun, and Cathy Braun** were living in my house without any authority or lease between them or I. Village and my neighbors are well aware of the happening during this time. Unfortunate, and I hope this would not happen to anyone. I moved in to my property on 10/31/20 and I have been making regular payments on my usage. There is a bill of $440.53 for the billing period of **08/14/20 to 10/30/20** which has been under their name and usage for the said period. Since, I have never used any of these services; I earnestly request the Village of Poplar Grove Board, the above bill amount during their usage time can be waived off. There was no way for me to get any amount even though I requested multiple times.

I will highly appreciate all help in this matter.

Kindest regards,

Muhammad Burhan Ud Din Janjua
