To Whom It May Concern,

Im writing this letter to see if I could be given a credit towards the current balance owed on my water bill. Im new to Poplar Grove, and I just purchased a new home. Recently sod was put down causing my water bill to increase by quite a lot. I didnt realize watering the grass would increase the bill so much. Afraid the grass would die I was watering the grass in the areas that needed it the most. The last time I stopped in to make my payment of $250 Barb informed me that this current months bill was going to be high also, and recommended that I write a letter to see if I could get any assistance. Ive never been in a situation like this to have to ask for help, but with the current balance of $1660.41 I would greatly appreciate some help so that I can get back to a place where I can pay the bill in full. Thank you for your consideration. I will be at the ~~meeting~~ on October 11th at 7pm.

Thanks
