THC clearance has been uploaded.

TxDOT is asking for TDLR clearance letter. Matt is trying to determine what to do with this as there are no pedestrian facilities with this project. He has asked Tim Westphal (Registered Accessibility Specialist) for a letter confirming that.

NEPA - We received approval on the Section 7 on Friday (this is the approval we've been waiting some time on).

Tribal - TPWD takes care of that when everything else is submitted.

Once we get something to them regarding the TDLR clearance, we are hopeful that the project will be released for bidding soon.
