Attached are the plans for the Culvert replacement project which is being advertised today with a bid opening of September 6. I have been in communication with the railroad and am submitting this for their review and approval. I offered to pay \$5,055 above the \$1055 application fee for an expedited review within 15 days, but I been assured that they will get the review back to us asap without paying that additional fee. The submittal and payment will go out this afternoon.

Kind Regards,
