Subject: Interest in Serving on the Port Commission Board

Dear Mrs. Weaver,

I am writing to formally express my interest in serving on the Port Commission Board. More than twenty years ago, a love of the water brought my husband and me to Port Lavaca, where we since established our home and became deeply connected to this community. Our waterways are vital to the economic vitality, environmental health, and quality of life in our region, and access to them plays a critical role in supporting both industry and recreation.

Early in my career, I had the opportunity to work with the Port of Point Comfort/Calhoun County Navigation District. Through this experience, I gained firsthand insight into the importance of maintaining port infrastructure, supporting industrial users, and establishing reasonable and sustainable fee structures. I learned the importance of balancing operational needs with strong, collaborative relationships—an understanding that has continued to guide my professional career.

With more than twenty years of experience in Human Resource Management, I bring a relationship-centered perspective, strong governance awareness, and a commitment to responsible stewardship. I believe these skills would be valuable in supporting the Port Commission Board's mission to provide adequate boating facilities while promoting the continued economic development of our harbors.

As an avid kayaker, I personally value the natural resources our waterways provide and recognize the responsibility we share to protect and enhance both the environment and the infrastructure that allows safe access to it. Serving on the Port Commission Board would be a meaningful way for me to give back to the community that has given so much to my family.

Thank you for your time and consideration. I would be honored to discuss this opportunity further.

Kindest regards,

Laurie Harvey
