Jody,

Good afternoon. I hope all is well. You may recall we previously discussed the option of using City-owned property to harvest wetland plants for the Calhoun Port Authority mitigation project. Construction is complete and we are working on the final planting details. We would like to discuss authorization to use wetland areas near Lighthouse Beach and Bayfront Peninsula Park. As you know from past wetland work, damage to borrow sites is strictly avoided.

Please let me know when it is a good time to discuss details of the request. We appreciate your consideration and look forward to working with you.

Best,

Sara Flaherty | ANCHOR QEA, LLC
