Subject: Port Commission Resignation

Jody,

I have appreciated the opportunity to serve on the Port Lavaca Port Commission, but at this time I regretfully submit my resignation effective immediately. A change in roles in my company has come with additional responsibilities which is accompanied with additional, and sometimes very short notice travel necessity. I have attempted to manage it, but I feel that at this point my lack of certainty regarding meetings would be a detriment to the commission.

Thank you again for the opportunity and possibly at some point in the future, should things change and if needed, I could be of additional service to the commission.

Respectfully,
Mike Kovarek
